

Test Plan

To complete the test case plan, fill out the information for Project, Course, Description and Date in the header below.

Project:	Todo
Course:	CSD 380: DevOps
Description:	Todo Business Requirements
Date:	2026/06/25
Developer:	Isaac Ellingson

TABLE OF CONTENTS

New Task Items Appear in the Todo List.....	2
Clicking the Trash Button Removes the Corresponding Task.....	2
Clicking the Edit Button Brings Up a Functional Edit Form.....	3
Invalid URLs Show a Friendly Error Page.....	3
Empty Tasks Cannot Be Added.....	4

Test Plan

For each test, the developer should: provide a test description, a test objective, the developer name and date tested. For

Test 1	New Task Items Appear in the Todo List			
	Test Objective: Verifies that when a new item is entered through the panel, it correctly appears on the task list	Developer: Isaac Ellingson Date tested: 2026/06/25	Peer tester: Date tested: <yyyy/mm/dd>	
Step	Action	Expected results:	Developer pass/fail	Tester pass/fail + Screenshot
1	Visit https://buwebdev.github.io/todo/	Page loads without errors	yes	<yes/no>
2	Type "Visit Mom" into the "Task" text field up top.	The text input line changes as directed	yes	<yes/no>
3	Click the "Add Task" button below the field.	The new Task appears at the bottom of the list	yes	<yes/no>
Comments	Comments should be substantive; this means there should be at least 2-3 well-structured sentences with constructive feedback.			

each step, fill out the actions to be taken and describe the expected results, and indicate yes or no for each step depending upon the result. The peer tester should provide their name, date tested, indicate yes or no for each step depending upon the result, and a screenshot (thumbnail) of the result.

Test Plan

Test 2	Clicking the Trash Button Removes the Corresponding Task			
	Test Objective: Verifies that Tasks can be deleted	Developer: Isaac Ellingson Date tested: 2026/06/25	Peer tester: Date tested: <yyyy/mm/dd>	
Step	Action	Expected results:	Developer pass/fail	Tester pass/fail
1	Visit https://buwebdev.github.io/todo/	Page loads without errors	yes	<yes/no>
2	Click on the trash can to the right of "Onboard new sales team members"	The "Onboard new sales team members" task disappears, and the tasks below it move up.	yes	<yes/no>
Comments	Comments should be substantive; this means there should be at least 2-3 well-structured sentences with constructive feedback.			

Test 3	Clicking the Edit Button Brings Up a Functional Edit Form			
	Test Objective: Ensures that tasks can be edited.	Developer: Isaac Ellingson Date tested: 2026/06/25	Peer tester: Date tested: <yyyy/mm/dd>	
Step	Action	Expected results:	Developer pass/fail	Tester pass/fail
1	Visit https://buwebdev.github.io/todo/	Page loads without errors	yes	<yes/no>
2	Click the pencil button to the right of "Onboard new sales team members"	A Task Edit form appears.	yes	<yes/no>
3	Delete the word "sales" so that the edit line reads "Onboard new team members"	The text input line changes as directed	yes	<yes/no>
4	Click the "Save" button	The third item in the list now reads "Onboard new team members"	yes	<yes/no>
Comments	Comments should be substantive; this means there should be at least 2-3 well-structured sentences with constructive feedback.			

Test Plan

Test 4	Invalid URLs Show a Useful Custom Error Page			
	Test Objective: Ensure that server data does not leak and users are not confused by a default error page.	Developer: Isaac Ellingson Date tested: 2026/06/25	Peer tester: Date tested: <yyyy/mm/dd>	
Step	Action	Expected results:	Developer pass/fail	Tester pass/fail
1	Visit https://buwebdev.github.io/todo/stuart	A custom error page is displayed, helping users return to the functional app without confusion	no	<yes/no>
Comments	Comments should be substantive; this means there should be at least 2-3 well-structured sentences with constructive feedback.			

Test 5	Empty Tasks Cannot Be Added			
	Test Objective: Ensure that the Todo list cannot be polluted with empty Tasks	Developer: Isaac Ellingson Date tested: 2026/06/25	Peer tester: Date tested: <yyyy/mm/dd>	
Step	Action	Expected results:	Developer pass/fail	Tester pass/fail
1	Visit https://buwebdev.github.io/todo/	Page loads without errors	yes	<yes/no>
2	Place the cursor within the text entry area		yes	<yes/no>
3	Click a blank area outside the text entry area to finish editing the task without adding any text	A red color indicator shows that the text entry was invalid	yes	<yes/no>
4	Click the "Add Task" button	Nothing happens; button is disabled.	yes	<yes/no>
Comments	Comments should be substantive; this means there should be at least 2-3 well-structured sentences with constructive feedback.
